

WorkReady

Managed IT support for business growth

WorkReady

An all-in-one managed IT solution for fast growing businesses.

WorkReady includes everything an ambitious and fast-growing business needs to scale confidently, innovate faster and stay secure.

We'll help eliminate the frustration of unreliable IT and slow support that holds your business back.

Get in touch today and discover what we can do for you.

IT SUPPORT

Award-winning service desk

Our smart, considerate team talk in plain English, not jargon. They're award winning for good reason.

15-minute response

We respond quickly so your team can get on with their day. Where things take longer to fix, we'll keep you informed.

Out of hours

Optional out of hours support also available. Perfect for businesses with 24/7 operations.

Unlimited support

Unlimited remote support to help keep your business running like clockwork.

BEST IN CLASS TECHNOLOGY

New laptop included

We'll supply the latest Microsoft Surface Laptops for your team so you can maximise productivity and minimise downtime.

Microsoft 365

Core Office 365 apps (Word, Excel, PowerPoint, Outlook, Teams) along with advanced security features embedded.

365 backups

Comprehensive Backup and Recovery for Exchange Online, OneDrive for Business, SharePoint Online, and Microsoft Teams included.

CUSTOMER SERVICE

Customer satisfaction

We're focused on delivering an excellent and efficient service. Every single time you contact us.

Review meetings

We offer a quarterly meeting with your Technical Account Manager. We measure success by your happiness not sales targets.

TEAM SUPPORT

Onboarding

Our onboarding engineer will be on hand to get you started. Our aim is to make the process simple and pain-free.

Security Awareness Training

We will help reduce business risk through our continuous programme of test phishing emails and online training courses.

SECURITY & COMPLIANCE

Securing your business

Our comprehensive security package will keep cyber criminals at bay. Anti-virus, patch management and dark web monitoring all included.

Proactive monitoring

We deliver IT support peace of mind. Preventing issues and reducing downtime.

LONG-TERM SUCCESS

Strategic roadmap

We offer Quarterly Technology Assessments alongside a Three-Year Roadmap to future plan. Aligning IT with your business ambitions.

AI & automation workshops

We advise on integrating the latest technologies. An IT partner that looks to the future.

Professional service

"Select Technology has helped us understand technology more and provided a level of support, guidance and training on key IT issues that we've never had before."
